BALL STRIKER REPORT

By Anthony Darby

IF WE BELIEVE THE WEATHER EVERY TIME IT CALLS FOR RAIN, WE'D NEVER PLAY GOLF

Cream Ridge Rewards the Faithful as Woolfolk Surges and the Shippen Cup Race Takes Another Turn

Cream Ridge Golf Course | Upper Freehold, NJ | Saturday, August 22, 2026

For most of the week leading into Cream Ridge, there seemed to be one opponent the Ball Strikers weren't going to beat:

The weather.

Forecast after forecast called for rain on Saturday. As the week progressed, the possibility of getting the event in looked increasingly questionable. It wasn't until Friday that the outlook finally began to turn in our favor. But **current Ball Striker President Mike Conrad** had heard this story before. During the week, Mike recalled some words once shared with him by our late President **Tom Culp** – words that have probably served the Ball Strikers well on more than one occasion:

Ray Woolfolk (left) and DeLano Bonner won top stroke play honors at Cream Ridge

"If we believe the weather every time it calls for rain, we'd never play golf."

Tom was right. Rain came through Upper Freehold and saturated Cream Ridge only hours before the first group was scheduled to tee off. But when Saturday arrived and **16 Ball Strikers** made their way to the course, the rain moved out and what followed was an **absolutely beautiful day for golf**.

The weather may have cooperated, but the golf course wasn't going to give everything away. Cream Ridge remained wet and soft from the earlier rain. Fairways provided very little roll, the course played longer than the scorecard suggested, and players had to adjust to conditions that required patience and course management. The forecast had threatened to take this one

away all week. Instead, the Ball Strikers got their round in – and by the end of the afternoon, there would be plenty to talk about both **on the course and at the 19th hole**.

BONNER ANSWERS THE CALL

On the gross side, the answer was **DeLano Bonner**. Bonner navigated the wet conditions better than anyone in the field, firing an impressive **80 (+8)** to capture gross honors. He went out in 42 before closing with a strong **38 on the back nine**, finishing four shots clear of the field.

Tony Jenkins followed with an 84, while **Perry Medina** continued his strong gross play with an 85. Shippen Cup contender **Greg Ward** posted an 87, with **Raymond Woolfolk and Zack Yamba**

Continued from page 1

both finishing at 88. **Larry Jones and Mike Conrad** each posted 89, **Anthony Darby** followed with a 90, while **Greg Cavanaugh and Joe McLaughlin** rounded out the Top 10 scoring positions with 91s.

On a course offering little help off the tee and very little roll in the fairways, Bonner's 80 stood alone as the day's best gross performance. But the player who would ultimately have the largest impact on the afternoon — and on the Shippen Cup — was just eight shots behind him.

WOOLFOLK HAS HIMSELF A DAY

If Bonner controlled the gross competition, **Ray Woolfolk** owned the net board. Playing to an 18 course handicap, Woolfolk's 88 gross translated into an outstanding **70 net — two under par**. He was the **only player in the 16-man field to finish under par on the net leaderboard**.

Bonner nearly completed the gross/net sweep, following his 80 with a **73 net (+1)** for second place. **Mike Conrad** finished third with a **74 (+2)**, while **Greg Whitaker, Joe McLaughlin and Zack Yamba** shared the next position at **75 (+3)**. **Larry Jones and Greg Ward** followed at **76 (+4)**, with **Charles Smith, Tony Jenkins and Sebastian Sepulveda** all finishing at **78 (+6)**. The net victory earned Woolfolk **30 Shippen Cup points**. And he wasn't finished.

MATCH PLAY — WHERE CREAM RIDGE REALLY MOVED THE NEEDLE

With additional Shippen Cup points available through four-ball match play, the individual leaderboard told only part of the Cream Ridge story. All four matches produced outright winners — and several had major implications for the season-long race. **Tony Jenkins and Sebastian Sepulveda** delivered the day's most decisive match victory, defeating **Perry Medina and Charles Smith, 4 & 3**. Combined with their stroke-play points, Jenkins and Sepulveda each collected **18.33 points** for the event.

Then came Woolfolk. **Larry Jones and Raymond Woolfolk** defeated **DeLano Bonner and Greg Cavanaugh, 3 & 2**. For Woolfolk, those 10 match-play points were added to the 30 he had already earned for winning the net competition. **Thirty stroke-play points. Ten match-play points. Forty points in one afternoon.** No Ball Striker earned more at Cream Ridge.

Mike Conrad and Greg Whitaker defeated **Anthony Darby and Kirk Hart, 2 & 1**. Conrad combined the match victory with his third-place net finish to collect **25 points**, while Whitaker finished the afternoon with 20. And then came the match with perhaps the greatest implications for the Shippen Cup race. **Joe McLaughlin and Zack Yamba** defeated **Greg Ward and George Weekes, 1 Up**. It was the closest match of the afternoon. It was also an important one. Yamba and Ward arrived at

Cream Ridge separated by only **1.25 Shippen Cup points**. Yamba held the lead at **221.25**. Ward sat directly behind him at 220. With the match victory and his stroke-play finish, Yamba collected **20 points** for the afternoon. Ward earned 10. That 10-point difference provided Yamba with something he hadn't had entering Cream Ridge: **Breathing room**.

WOOLFOLK'S 40-POINT EXPLOSION LEADS THE DAY

Woolfolk's **40 points** represented the biggest Shippen Cup haul at Cream Ridge, followed by **Mike Conrad with 25**. Bonner, Whitaker, Jones, Yamba and McLaughlin each collected **20 points**, while Jenkins and Sepulveda earned **18.33 apiece**. Ward added 10. Those numbers mattered because Cream Ridge didn't merely produce another tournament winner. **It changed the shape of the Shippen Cup race**.

THE SHIPPEN CUP — YAMBA CREATES SEPARATION

Yamba's climb to the top of the Shippen Cup had already been one of the stories of the season. He entered Cream Ridge at **221.25 points**, holding the narrowest of margins over Ward at 220. Just **1.25 points separated first from second**. Cream Ridge changed that.

Yamba's 20-point afternoon moves him to **241.25**, while Ward's 10 points bring him to **230**. The Shippen Cup lead has expanded from **1.25 points to 11.25**. Yamba unquestionably leaves Cream Ridge in the strongest position. But anyone thinking the championship has become a two-man race between Yamba and Ward should take another look at what happened immediately behind them. Because **Mike Conrad and Raymond Woolfolk are coming**.

CONRAD MOVES INTO THIRD

Mike Conrad entered Cream Ridge in fourth place with **196.67 points**. His **25-point afternoon** moves him to **221.67** and past Greg Cavanaugh into **third place overall**. More importantly, Conrad is now only **8.33 points behind Ward for second** and **19.58 points behind Yamba for the Shippen Cup lead**. Greg Cavanaugh, meanwhile, sits immediately behind Conrad with **220 points**. Only **1.67 points separate third from fourth**. And then there's Woolfolk.

FROM SIXTH TO FIFTH — AND SUDDENLY VERY DANGEROUS

Nobody changed his championship prospects more dramatically at Cream Ridge than **Raymond Woolfolk**. Woolfolk arrived in sixth place with **176 points**. He left with **216**.

His tournament-leading 40-point haul vaults him into **fifth place** and puts him squarely into the championship conversation. Woolfolk now sits only **4 points behind Cavanaugh**, **5.67 behind Conrad**, **14 behind Ward** and **25.25 behind Yamba**. Think about that last number. Woolfolk trails the Shippen Cup leader by 25.25 points. **He just earned 40 at Cream Ridge**. That tells you everything you need to know about how quickly this championship can change.

FIVE MEN. 25.25 POINTS. EVERYTHING STILL TO PLAY FOR.

Following Cream Ridge, the championship picture looks like this:

Zack Yamba remains No. 1 with 241.25 points. **Greg Ward holds second at 230**, 11.25 behind the leader. **Mike Conrad has climbed into third at 221.67**, 19.58 off the lead. **Greg Cavanaugh slips to fourth at 220**, 21.25 behind Yamba. And after the biggest points performance at Cream Ridge, **Raymond Woolfolk moves into fifth at 216**, only 25.25 points from the top.

Behind the leading five, **Burnell Williams remains sixth with 179**, followed by **Anthony Darby at 174**. **Joe McLaughlin's 20-point Cream Ridge performance moves him into eighth at 172.50**, putting him only 1.5 points behind Darby and 6.5 behind Williams. **Hugh Lecky sits ninth at 165.42**, while **Sebastian Sepulveda's 18.33-point afternoon moves him into the Top 10 at 144.33**. Perry Medina follows at 143.33, DeLano Bonner moves to 140, Greg Whitaker reaches 136.50, and Larry Jones climbs to 120.67.

The numbers at the top, however, tell the real story. **Only 25.25 points separate first from fifth**. Cream Ridge just demonstrated exactly how quickly that gap can disappear. Woolfolk earned 40 points in one afternoon. Conrad earned 25. Several others collected 20.

One great Saturday — or one difficult Saturday for the wrong player — can completely rearrange this race. Yamba has earned the advantage. Ward remains within striking distance. Conrad has moved into contention. Cavanaugh isn't going anywhere. And Woolfolk may now be the most dangerous man chasing all of them.

Nobody should be engraving the Shippen Cup just yet.

THE 19TH HOLE — JOE GETS THINGS STARTED IN THE PARKING LOT

As the final groups completed their rounds and most of the Ball Strikers began making their way indoors for the traditional 19th hole, **Joe McLaughlin and a small contingent weren't quite ready to leave the parking lot**. There was business to attend to. **Joe had two birdies to celebrate**. So while most of the membership headed indoors, Joe's post-round celebration got an early start right there in the Cream Ridge parking lot. A small group gathered around. A few laughs were exchanged. And Joe's **two circles on the scorecard** provided more than enough justification for an impromptu parking-lot session before anyone made it inside.

Eventually, Joe and the parking-lot contingent joined the rest of the membership indoors at **The Roost**, where the traditional Ball Striker 19th hole was already taking shape. And nobody went hungry. **Crab cakes. Burgers. Wings**. Nobody appeared particularly thirsty either. **Transfusions and bourbon** joined the menu as the day's matches were replayed, missed putts became a little shorter in the retelling, and the day's best shots inevitably became a little better with each version of the story.

A huge **Ball Striker thank-you goes to our waitress, Diana**, who stayed beyond the end of her scheduled shift to continue taking care of the Ball Striker contingent. We noticed. And we appreciated it. As the indoor gathering eventually began to wind down, a few Ball Strikers found their way back outside, where **cigars and more conversation** provided the finishing touches to another Ball Striker Saturday. Sometimes the round ends on 18. **The day doesn't**.

THE LAST WORD

Think about how this day started. For nearly a week, the forecast told us we probably weren't playing. Hours before the first tee time, rain was still saturating Cream Ridge. But 16 Ball Strikers made the trip to Upper Freehold anyway. And what did they get? **A beautiful day**. DeLano Bonner shooting **80 and taking gross honors**. Raymond Woolfolk firing a **net 70**, winning the net competition and collecting a tournament-high **40 Shippen Cup points**. Mike Conrad putting together a **25-point afternoon and charging into third place**. Zack Yamba turning a **1.25-point Shippen Cup advantage into an 11.25-point lead**. Joe McLaughlin putting **two birdies on the card** and getting his celebration started with a small contingent in the Cream Ridge parking lot.

Then came **crab cakes, burgers, wings, Transfusions and**

Continued from previous page

bourbon at **The Roost**, followed by a few cigars outside to finish the afternoon. All from an event that the forecast spent most of the week telling us might never happen. Which brings us right back to where this newsletter began – and to the words passed along by our late President **Tom Culp**:

“If we believe the weather every time it calls for rain, we’d never play golf.”

On Saturday, August 22, the Ball Strikers didn't believe the forecast. **We played golf.** And Cream Ridge gave us another one to remember.

NEXT STOP: ARCHITECTS

There isn't much time to enjoy the Cream Ridge aftermath. **Architects Golf Club is the next stop on the Ball Strikers tour**, and it's a longtime club favorite. This one will also be different. Architects will host the club's **inaugural non-weekend event**, taking place on the **last Friday in August**. And considering what just happened at Cream Ridge, the timing couldn't be more interesting. The Top Five in the Shippen Cup are separated by only **25.25 points**.

Every remaining round matters. Every match matters. And every Shippen Cup point is becoming increasingly valuable. Cream Ridge moved the board. **Architects gets the next opportunity to move it again.** Let's hope for a strong turnout. And after this week, maybe we'll spend a little less time worrying about what the weather forecast says.
